DESIGN AND PERFORMANCE

Modern and smart, the ECS30.2Z brings at tasting temperature and protects your wines with its tempered glass door, anti-UV treatment and enhances your bottles with interior LED lighting. Its Black look with silver edging and its fully glazed door make it a real decorative object.

TO THE NEAREST DEGREE

Bring your wines to tasting temperature to take full advantage of all their aromas. Thanks to its 2 temperature zones with independent adjustment, you can bring several types of wine to tasting temperature in the same cellar. The digital control panel enables a more intuitive use.

OPTIMIZED STORAGE

Store your wines on its 5 natural wooden shelves; ergonomic, they are designed to accommodate Bordeaux 75 wine bottles type; removable they adapt to your needs.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10-38°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 5 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
