ULTRA QUIET

The LS12C hybrid service cellar fits discreetly into your interior. Thanks to its fanless hybrid technology, the LS12C cabinet has a low sound level of only 26 decibels. Its low noise level allows you to place it in your living rooms without even noticing it.

OPTIMIZED STORAGE

Compact but practical, the LS12C service cellar can bring up to 12 75 cl Bordeaux type bottles to serving temperature. Equipped with 3 steel wire shelves, it guarantees ideal temperature setting and good cold circulation.

MODERN DESIGN

Full glass door, discreet integrated handle and exterior digital control panel allow quick handling and easy access to the wines. The modernity of the cellar is reinforced by its contemporary anthracite gray color and its flat hinges.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16°C-32°C.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 3 shelves. Adding shelves reduce considerably the total capacity.
