BUILT-IN & FREE-STANDING

Modern, the MZ135DZ has the particularity of being able to be installed free-standing or built-in. Its multi-choice installation allows it to integrate easily into your interior, whether in your living rooms or in your kitchen. Its fully glazed door, with anti-UV treatment, protects your wines while creating a real showcase to enhance your interior.

ACCOMPANY YOUR WINES AT THEIR PEAK DATE

Thanks to its 2 zones, with independent settings, age and bring to tasting temperature several types of wine in the same cellar. Aging cellar commitments, age your wines in complete safety. The MZ135DZ aging cellar concentrates essential characteristics to reproduce the storage conditions of a natural cellar: constant temperature, controlled humidity, anti-vibration technology (SilentBlock), air renewal system (active carbon filter) and protection against the light.

OPTIMIZED STORAGE

Store your wines on its 10 beech wood shelves ; ergonomic and sliding, they allow quick and easy access to your bottles.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16°C-38°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 10 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
