### DESIGN AND ELEGANCE

Built-in under a counter, the LSBU18X2 fits elegantly into your kitchen and easily thanks to its standard 30cm unit format. Protected by a tempered glass door with anti-UV treatment, your bottles are visible and enhanced by interior LED lighting. The seamless door frame and its removable plinth guarantee perfect integration.

### TO THE NEAREST DEGREE

Bring your wines to tasting temperature to take full advantage of all their aromas. Store your wines on its natural wooden shelves; ergonomic, they are specially designed to accommodate your 75 cl Bordeaux-type wine bottles; removable they adapt to your needs. Equipped with an active carbon filter, the LSBU18X2 provides an interior filtration and aeration system to guarantee a healthy environment for your wines (FILTER4).

### SILENCE & LOW CONSUMPTION

With an energy consumption of only 94 kWh / year, the LSBU18X2 service cellar is classified F (energy class). More respectful and above all more economical, it is also extremely quiet with a sound level of only 38 decibels for smarter daily use.

## Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10 - 32°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

\*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 2 shelves. Adding shelves reduce considerably the total capacity.
