DUAL ZONE

Thanks to its 2 temperature zones with independent adjustment, you can bring several types of wine to tasting temperature in the same wine cellar.

DESIGN AND PERFORMANCE

Modern and compact, the SLS45DZ protects your wines with its double-glazed tempered glass door and enhances your bottles with interior LED lighting. Its All Black look and its fully glazed door make it a real decorative object.

TO THE NEAREST DEGREE

Bring your wines to tasting temperature to take full advantage of all their aromas thanks to its digital control panel. Equipped with a water collection tank at the bottom of the cellar, it allows you to optimize the hygrometry. Store your wines on its natural wooden shelves; ergonomic, they are specially designed to accommodate your 75 cl Bordeaux-type wine bottles; removable they adapt to your needs.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between Néant.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
